Houston reported on Congressional requests for briefings. Senator Milton Young, a member of our subcommittee, has made such a request; and Senator Stennis has asked that we brief Senator Robert Byrd of West Virginia. (See Action 2)

Houston noted that a significant number of Congressmen intend to travel to Vietnam when the current session adjourns. It was agreed that we would make an effort to brief as many of these Congressmen as we can.

Bross reported General Carter's gratitude for DCI support of NSA plans to increase funds and people for work on the China problem. Bross also noted that he and Carter had agreed to the DOD IG request that [REDACTED] talk with DOD Inspectors who are currently reviewing U. S. cryptographic activities here and abroad.

25X1

DD/S&T noted that the Space Panel of consultants will meet here beginning at 0830 on Thursday, 28 October. DCI agreed to make opening remarks. DCI also advised DD/S&T to alert the consultants to the kinds of problems to which we want them to address themselves beginning with their second meeting which will take place in January.

DD/S&T reported [REDACTED] that the current Soviet communications satellite is a 12-hour synchronous type similar to one launched a few months back. (See Action 4)

25X1

DD/S&T reported indications of a SPOONREST early warning radar in Laos. R. J. Smith said that this was probably for early warning of strikes in Laos from Thailand. Smith also noted that
